

Journal Name:	Asian Journal of Agriculture and Allied Sciences
Manuscript Number:	Ms_AJAAS_12662
Title of the Manuscript:	Evaluation of Advanced Faba Bean (<i>Vicia faba</i> L.) Genotypes for Yield and Yield Related Traits under High Potential Environments.
Type of the Article	

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.		
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	

<p>Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.</p>	<p>The abstract must begin with a concise presentation of the study's background and objectives. This should be followed by a description of the methodology, a summary of the main results, and, finally, the conclusions and recommendations.</p> <p>Avoid using personal pronouns such as 'we' or 'I' to claim credit for conducting the study, as it is understood that the study was evaluated by the author.</p> <p>When introducing an acronym like RCBD (Randomized Complete Block Design), ensure that its full meaning is stated the first time it appears in the text.</p> <p>Kindly revise the abstract to ensure it is more organized and comprehensive</p>	
<p>Is the manuscript scientifically, correct? Please write here.</p>	<p>The first paragraph of the 'Introduction' should clearly identify the research gap or problem that the study aims to address. Explain why this study is necessary and significant—what specific gap or issue does it seek to resolve?</p> <p>Expand on the introduction to provide a more detailed and comprehensive discussion. Include a clear explanation of the context, significance, and relevance of the study in addressing the identified gap or problem.</p>	
<p>Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.</p>	<p>Include additional scientific references in English to support your study.</p> <p>"The authors listed below are mentioned in the text but are not included in your references. Please review and ensure that all authors cited in the text are included in the reference list:</p>	

	Achenef and Alemu (2020) Temesgen et al. (2023) Tadele et al. (2021) Temesgen et al. (2023)"	
Is the language/English quality of the article suitable for scholarly communications?	Yes	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
